

About Exam

ATML Track 1

Rik Sarkar

Materials

- Slides
 - All materials on slides
 - NOT references like papers (you can read for your understanding, but will not be examined on)
- Exercises
- Additional references
 - Papers and other materials referenced on slides
 - To help understanding, search and read other materials (Wikipedia, papers, slides and notes from other courses)
 - For lecturers 1 – 5:
 - Book: Understanding Machine learning. Shai Ben David, Shai Shalev-Shwartz
 - The book has a lot of materials. Do not study all of them. You can use it to better understand something concepts the lectures.

Type of questions

- Definitions
- Questions based on definitions, concepts covered in class
- Proofs

- Long proofs will not be on exam
 - But you should understand them
 - Short proofs can be in exam
 - Parts of proofs can be in exam
