- **Weeks 2/3** Choose topic, technology & research methods
- **Week 4** Obtain ethics & prepare study material
- **Weeks 4/5** Recruit participants
- **Weeks 5/6** **Conduct study: collect data**
- **Weeks 5/6** **Analyse data, derive design recommendations**
- **Weeks 6 – 8** **Write up your findings in form of a group report**

Timeline may vary slightly across groups!

today

- Quick check-in:
  - Where are you at?
  - What challenges you have encountered?
  - Where would you like feedback?

- Check-in with individual groups

- Where are you at?
- What challenges you have encountered? For example:
  - When running your study
  - When analyzing your data
  - When deriving findings from your data
  - When coming up with design considerations
  - When writing your report

- Where would you like feedback?

As a group, take **7 min** to discuss & reflect; take some notes on the question above.

Any questions?
