

THE UNIVERSITY of EDINBURGH
informatics

Informatics Project Proposal: Tutorial 6: Planning your MSc project (II)

INFR11137: Informatics Project Proposal

Note

IPP will **not cover** approaches to solving your questions and approaches to evaluating your findings in your MSc project

Please contact and ask your supervisor to discuss on:

1. How to address your questions
2. How to evaluate your findings

Checklist

1. Elevator Pitch (10 mins)
2. Overview of Plotting Gantt Chart (5 mins)
3. Activity: Generating a Gantt Chart with 2-3 tasks (10 mins)
4. Discussion (10 mins)
5. Refine Past IPPs (15 mins)
6. Question & Attendance & Draft feedback (5 mins)

Elevator Pitch (10 mins)

- In this tutorial, the 'pitch' requires you to present the expected outcomes of your research (60 s)
 - In your elevator pitch today, please focus on describing the final outcomes of your MSc project.

Overview of Plotting Gantt Chart (5-10 mins)

Gantt chart detailing the different **milestones**, as well as the **time** allocated for them

The Gantt Chart sample code is between Line 186 and Line 346

Figure 1 Gantt Chart of project activities, see Table 1 for details. Overarching bars coloured ■ represent the maximum time (including contingency) allocated per phase. ■ represents the scheduled time for a task and ■ its contingency time. Arrowed lines indicate task dependencies.

| | Event | Week(s) | Description | Deliverable |
|-----------|----------------|---------|--|---------------------|
| Milestone | M ₁ | 2 | Feasibility study completed | |
| | M ₂ | 3 | First prototype implementation completed | Prototype |
| | M ₃ | 5 | Second marker feedback | |
| | M ₄ | 7 | Implementation completed | Software repository |
| | M ₅ | 7 | Evaluation completed | Report draft |
| | M ₆ | 10 | Submission deadline | Final report |
| Risk | R ₁ | 1–2 | First busy period for supervisor | |
| | R ₂ | 4–8 | Supervisor likely to be away | |
| | R ₃ | 9 | Changing accommodation | |
| | R ₄ | 10 | Second busy period for supervisor | |

Table 1 Project milestones, deliverables, and risks (**bold** = main); see Figure 1.

Activity: Generating a Gantt Chart with 2-3 Tasks (10 mins)

- Select 2 or 3 (high-level) tasks from your MSc project
 - Avoid selecting dissertation writing task
- Estimate the time each task will take
- Start generating a Gantt Chart with your plan to complete selected tasks

Discussion (10 mins)

- Present your Gantt Chart to the entire tutorial group
- Comment on your colleagues' Gantt Chart

Refine Past IPPs (15 mins)

Complete below task for your MSc project and add in IPP template:

- Risk assessment (Tutorial 2)
- Identify responsible research issues (Tutorial 3)
- Project motivation (Tutorial 4)
- Identify aims, tasks, milestones, deliverables of MSc project (Tutorial 5)

Question & Attendance (5 mins)

- If you have any questions, please ask your tutor
- Schedule providing feedback for IPP students draft
